MARINE EXPLORATION DAY

Program Summary

This Marine Exploration adventure will introduce students to the coral reefs of Hong Kong and the wild and wonderful creatures that are found there, in order to create an awareness and understanding of the local marine environment to promote the importance of knowing, preserving and conserving our oceans ecosystems. Helping to inspire the students to become better guardians of our oceans, highlighting the threats that face them and the importance of conservation. As well as advancing their snorkel skills in the Ocean.

What to Bring

- Swimsuit & Rash guard
- Towel
- Water shoes compulsory
- Personal mask & snorkel (no fins required)
- Swim noodle
- Small backpack with:
 - ✓ FULL Water bottle

- Beach scavenger hunt

Marine Educator

Marine Biologist and Founder of Living Oceans Education, Estelle Davies. Estelle is also a Naturalist for Jean-Michel Cousteau's Ocean Futures Society and has over 10 years experience leading marine discovery trips both in HK and in beautiful places such as French Polynesia, Maldives, Australia's Great barrier Reef, The Caribbean, and many more. She is highly qualified as a Wilderness First Responder (First Aid), PADI Dive Master, Swim & Snorkel Instructor and a certified Secondary School Teacher of Biology.

Cancellation & Refund Policy

- If Black Rainstorm Warning or a Tropical Cyclone Warning Signal No. 3 or above is hoisted on the day of event, the event will be cancelled.
- Living Oceans Education reserves the right to cancel the event due to circumstances outside of Living Oceans Education control (unsuitable weather, unrest, major road blocks). If this is the case participants will be contacted in a timely manner and the event will be re-scheduled to a date decided by Living Oceans Education. If the re-scheduled date is not suitable then a refund of 90% will be offered to participants.
